many of our suspension bridges have
been torn away either reduced to
ruin or wages or out of their time

A Weak Heart!

The work done by the medical profession of America is vast and valuable. Few physicians are able to cover the entire field of practice, but select special departments in which to become proficient. It was left to independent discovery to produce a remedy especially for nervous systems and diseases of the heart, and so efficient has this discovery proved to be in the past that it is acknowledged by the medical profession to be a sovereign remedy for their troubles. It is needless to say this remedy is Dr. Swan's Nerve and Blood Tonic.

Few realize its purity and power. It cures palpitation, or fluttering of the heart, nervousness, sleeplessness, dizziness and all disorders of the nervous system. It enriches the blood, and leads you back to health. While you are taking this medicine you can consider yourself under the personal care of Dr. Swan and can consult him either in person or by letter free of charge. We enclose a BANK CHECK with every bottle, so that you know that this medicine will do all we claim or it. Full pants \$1. All Dealers.
